**Annual Town Meeting**  
**March 14th 1973**  
**Milford, Massachusetts**  
**Commonwealth Of Massachusetts**

At 7:30 P.M. the following vacancies were filled in Precinct 3: Two year term — Earl C. Wagner, Jr., 35 Grove Street and Robert P. Sheedy, 29 Whitney Street. One year term — Ruth B. Graham, 42 West Street.

The meeting was called to order by Moderator Allegrezza at 8 P.M. The Monitors reported 186 persons present, a sufficient number to constitute a quorum. The Town Clerk read the warrant and the officers return thereon.

The Monitors appointed by the Moderator were: Anthony J. Mastroianni, Joseph DiAntonio, Arthur Vesperi, Renaldo A. DeLuzio, Atty. Angelo Niro and Michael J. Hannigan.

Radio Station W M R C was given permission to broadcast the meeting.

Chairman of Selectmen Emilio E. Diotalevi was given permission to address the meeting.

Chairman of Finance Nicholas P. Moschilli was given permission to address the meeting. At this time changes were made in the Finance Committee's Report.

The following resolution was read by Chief John J. McGrath:

**RESOLUTIONS**  
**In Memoriam**

Whereas, this meeting has learned with deep regret and sorrow of the passing of Police Officer Edward J. Sullivan.

Whereas, his was a loyal and dedicated service to this town as a Town Meeting Member, a Police Officer and to all in general for his civic activity.

Therefore, be it resolved that as a mark of respect the business of this Meeting be suspended and the voters stand with bowed heads in tribute to his memory, and be it further resolved that the Clerk be instructed to send a copy of these resolutions to the family of the deceased and publish these resolutions in the next Annual Town Report.

Chief John J. McGrath

The assembly stood in silence.

Article 1. To hear and act upon reports of all Town Officers and Committees of said Town.

The following report was read by David F. Cenedella for Howard Atwood, Chairman.

Mr. Moderator, Miss Coyne, Honorable Board of Selectwoman and Selectmen, Town Meeting Members, Ladies and Gentlemen:

First, in making this report, we would like to thank all Town Departments, especially Mr. Andrew Gala, Mr. John Bertorelli Town Engineer and Mr. Charles Abrahamson, Town Planner for their outstanding cooperation in assisting us in the past year.

In the past year we have talked to rubbish removal contractors in the Milford area, we have also talked with various suppliers of compaction trucks. We found that information needed was not available to us through various Town Departments. We found we had to do an intensive study on the amount of 1, 2, and 3 family houses and their location. Then we had to transfer this information on the Town Map of Milford which was very time consuming. As

of today we have this map 90% complete. We are quite sure that we will have this map 100% complete within the next month, at which time we will make this map available to rubbish removal contractors and to suppliers of compaction trucks who are interested in supplying us with figures on cost and various ways to implement the Town wide pickup. We have also checked on various Towns, on the way that they are handling their situation. Mr. Speroni and I have gone to Springfield and gone over their books on cost and intensive study of their operation which has been very useful to us. Our hope is that we will be able to come up with various plans for Town wide pickup to begin in July of 1974. At this time Mr. Moderator, in the best interest of the Town, we the committee ask you to accept a motion from this body that this committee be extended to the next annual Town Meeting. I also would like to thank the committee members for their fine effort.

Sincerely yours,  
Howard Atwood, Chairman

It was moved and seconded that the Residential Refuse Collection Study Committee be extended to the next Annual Town Meeting.

The following report was read by L. Michael DeManche.

To: Mr. Anthony Allegrezza, Town Moderator.

From: Special Committee Studying The Town Election Day Change. Date: March 7, 1973. Subject: Report of Committee.

Dear Mr. Moderator:

As requested by the Town Meeting and appointed by the Moderator, the Special Committee to Study the Changing of the Election Day, submits the following report.

We recommend changing the Town Election to the first Wednesday in May effective in 1974. The warmer and more temperate weather then should encourage wider participation by the electorate, while especially benefitting the handicapped, the elderly (who comprise one-fifth of the registered voters) and candidates who go out campaigning.

The Committee chose May because it is the latest month allowed by M.G.L.A. Chapter 39, Paragraph 9, and the first Wednesday because it avoids holidays, many of which fall on Mondays.

The town business meeting is called by the Selectmen in the warrant. It is expected that this will be, as in the past, shortly after the town election. Town meeting business action should be concluded by the end of May, before the start of the next fiscal year on July 1. (The present changeover in our fiscal year from January 1 to December 1 to July 1 — June 30 is a separate question).

After considering all relevant factors, the Committee feels that the question is simply this: do we want to avoid snow and ice, and have better weather for our town election?

Changing of the election day would provide greater accessibility to the polls for the public convenience.

Respectfully submitted,  
L. Michael DeManche, Chairman  
David P. Hayes  
Lyle Nyberg

The report was accepted as read.

The following report was read by Anthony J. Mastroianni.

Progress Report of Combined WW2, Korean and Vietnam Memorials Committee.

The Committee appointed to investigate the possibility of erecting a monument or monuments to honor persons from Milford mustered into the armed forces during World War 2, Korean and Vietnam conflicts, held several meetings this past year.

At its last meeting held on 3/6/73, it was voted to recommend to the Town Meeting Members that a sum of money be appropriated for the purpose of planning for the erection of a suitable memorial. A more detailed report will be made under Article #38 of the Annual Town Warrant now before us.

Respectfully submitted,  
Anthony J. Mastroianni  
Chairman  
War Memorial Committee

The report was accepted as read.

Adequate off street parking must be provided on paved surfaces to service all parking demand created by new structures or uses, additions to existing structures or uses, and change of use in existing structures. Such parking shall either be on the same premises as the activity it services or within 300 feet on a separate parcel.

3.4.1. Number of Spaces. The following minimums must be met unless they are reduced on Special Permit from the Board of Appeals upon demonstration by the applicant that special circumstances render a lesser provision adequate for all parking needs:

Retail Business - One space for each one hundred fifty square feet of leasable floor space.

Business, Professional Offices - One space for each one hundred fifty square feet of leasable floor space.

Theater, Funeral Home and Places of Assembly - One space for each four seats, or one hundred square feet of floor space, whichever is the greater requirement.

Hotels, Inns, or Guest Houses - One space for each guest unit, plus one space per 8 guest units or fraction thereof.

Restaurants - One space for each three seats plus one space for each three employees or nearest multiple thereof.

Dwellings - Two spaces per dwelling unit.

Industrial and Wholesale Uses - One space for every 1.3 employees, based on the maximum number of employees the plant is designed to employ.

Bowling Alleys — Four spaces for each alley.

Boarding House — One space for each sleeping room.

Hospital — Four spaces for each 800 square feet of floor area plus one space for each two employees.

Nursing home, convalescent home — One space for every four beds.

Municipal Uses — To be individually determined by the Building Inspector.

Other Uses — All other types of uses not specifically mentioned shall have at least one space for each three employees plus one space for each 150 square feet ground floor area, and one space for each 300 square feet on other than the ground floor.

3.4.2. For parking areas of 8 cars or more, the following shall apply:

a) Not more than one entrance and one exit shall be permitted onto a street from any parking area per 200 feet of frontage or fraction thereof in a commercial district, and per 300 feet of frontage or fraction thereof in other districts. Each entrance and exit shall not be more than thirty feet in width.

b) Open off-street parking areas which are located within or adjacent to a residential district or shall be screened from all adjoining lots residually used or zoned by either:

(1) A strip four feet wide densely planted with shrubs or trees, or

(2) A solid wall or fence not less than four feet or more than six feet in height.

c) Parking area use shall not require backing onto a public way.

d) Parking lots for 8 or more cars, except in the CA District, shall contain or be bordered within 5 feet by at least one tree per 8 cars, trees to be of 2" caliper or larger, and if within the parking areas, to be planted in curbed soil plots allowing not less than 40 square feet of unpaved area per tree. All banks exceeding 15 degrees slope resulting from parking lot grading shall either be retained with a retaining wall or covered with topsoil to a depth of 4" minimum and planted with vegative cover sufficient to prevent erosion."

3.5 Loading Requirements. Adequate off-street loading facilities and space must be provided to service all loading needs created by new construction, whether through new structures or additions to old ones, and by change of use of existing structures, except that any isolated lot or combination of contiguous lots in the CA District under common ownership totalling less than 20,000 sq. ft. shall be exempted. Facilities shall be so sized and arranged that no trucks need back onto or off of a public way, or be parked on a public way while loading, unloading, or waiting to do so, or act in relation thereto.

## ADJOURNED TOWN MEETING

MARCH 27th 1974

The meeting was called to order by Moderator Allegranza at 7:30 P.M. The Monitors reported 131 persons present, a sufficient number to constitute a quorum.

It was moved and seconded to table Article 4. Lost by a voice vote but carried by a standing vote as 127 persons voted in the affirmative and 1 voted in the negative.

At this time it was moved and seconded to reconsider Article 3. The motion carried by a voice vote.

Mr. Noferi stood as one and requested the vote on the notion to be taken by secret ballot. The following persons stood and were recognized by the Moderator and requested the same: Marie Parente, Robert Holbrook, Charles Abrahamson, Reno DeLuzio, John Bird and Seena Heller. As a  $\frac{2}{3}$  vote is necessary for a secret ballot a standing vote was taken and 98 persons voted in the affirmative and 31 persons voted in the negative the vote passed for the secret ballot.

It was moved and seconded that the Town vote to authorize the Selectmen to take by eminent domain, acquire by purchase or otherwise acquire for the purpose of implementing traffic improvements at the intersection of Medway, Prairie and East Main Streets, at the intersection of Main and School Streets, at the intersection of Exchange and Main Streets, and at the intersection of Main and Prospect Streets and the Cape Road certain parcels of land or easements thereto located on the northerly side of East Main Street, the westerly side of Prairie Street, the northerly side of Medway Street, the northwesterly side of Main Street, the southerly side of Exchange Street, and on either side of Main Street, said land being now or formerly owned by Cesare and Ardilia P. Cavigioli, Natale J. Grillo and Barry E. Lazzerini, Marie L. Barberi, Atlantic Richfield Company, Tulio J. Pagnini and Phyllis G. Pagnini, Milford Hospital Inc., and Albert J. and Janette R. Forcier, and said parcels of land being more particularly bounded and described as follows, and to see if the Town

will vote to provide the sum of \$9,000.00 to pay the cost or damages therefor, and direct how said money shall be raised.

It was moved "the previous question." The Chair declared the motion carried by unanimous vote.

The Moderator appointed the following persons to assist the Monitors in the tally of the secret ballot.

Precinct 1. Arthur Caswell, Precinct 2, Arthur L. Delfanti, Precinct 3. Seena Heller, Precinct 4. Nazzareno L. Baci and Precinct 5. Robert W. Holbrook. At Large — Marie J. Parente.

The result of the secret ballot was 103 persons voted in the affirmative and 40 persons voted in the negative therefore the motion carried and it was

Voted: That the Town vote to authorize the Selectmen to take by eminent domain, acquire by purchase or otherwise acquire for the purpose of implementing traffic improvements at the intersection of Medway, Prairie and East Main Streets, at the intersection of Main and School Streets, at the intersection of Exchange and Main Streets, and at the intersection of Main and Prospect Streets and the Cape Road certain parcels of land or easements thereto located on the northerly side of East Main Street, the westerly side of Prairie Street, the northerly side of Medway Street, the northwesterly side of Main Street, the southerly side of Exchange Street, and on either side on Main Street, said land being now or formerly owned by Cesare and Ardilia P. #### COMMONWEALTH OF MASSACHUSETTS

The meeting was called to order by Moderator Allegranza at 7:30 P.M. The Monitors reported 164 persons present, a sufficient number to constitute a quorum. The Town Clerk read the warrant and the officers returned thereon.

Prior to the opening of the warrant the Town Clerk held an election to fill vacancies in Precinct 3. Elected were Ernest R. Iacovelli, 10 Beach Street Ext. and Warren S. Heller, 21 High Street.

The Monitors appointed by the Moderator were Anthony J. Mastroianni, Joseph DiAntonio, Arthur Vesperi, Renaldo A. DeLuzio and Angelo Niro.

Radio Station WMRC was given permission to broadcast the meeting.

Chairman of Selectmen Michael J. Noferi was given permission to address the meeting.

Chairman of the Finance Committee Nicholas Moschil was given permission to address the meeting.

## RESOLUTION

WHEREAS, the citizens of Milford have learned with a profound feeling of regret and sorrow of the passing of John E. O'Connor, Sr., and

WHEREAS, John E. O'Connor, Sr. served this community faithfully, loyally and unselfishly as a Call Firefighter and Town Hall Custodian for over 40 years and

WHEREAS, John E. O'Connor, Sr. served this meeting as a member of Precinct 4 for many, many years,

WHEREAS, John E. O'Connor, Sr.'s contribution to our community will be remembered long and well, he will be sadly missed by all.

THEREFORE, BE IT RESOLVED: That as a mark of respect, the business of the meeting be suspended while members stand in solemn and silent tribute to his memory,

AND BE IT FURTHER RESOLVED: That a copy of these resolutions be forwarded to his family and that these resolutions be published in the next annual Town Report.

John E. O'Connor, Jr.

The members stood in silent tribute.

### MILFORD HIGH SCHOOL BUILDING COMMITTEE

Progress Report — Town Meeting, May 13, 1974

Town Moderator Anthony Allegrezza, Town Clerk Catherine Coyne, Town Meeting Members, on behalf of the High School Building Committee, I respectfully submit this progress report.

The Total amount of Bonds authorized by this Town Meeting to be sold was \$14,400,000. \$14,032,000 has already been sold. Permission is now being requested for \$150,000 of bonds to be sold which will make a total of \$14,182,000. This leaves a balance of \$218,000 of the total authorized which will not have to be sold.

The total of unpaid bills as of this date is \$190,000. The cash on hand with the Town Treasurer is \$67,724.84 and with the sale of \$150,000 of bonds, the Committee will be able to satisfy all of the contractual obligations. Many of the contractual guaranties on the building and equipment purchased will run out at varying times between June and September 1974. All of our final payments to the various contractors will be guided by the Committee's satisfaction that the Town has received all that is due to the Town.

A final detailed report covering all of the receipts and expenditures will be given to you as well as the Commonwealth of Massachusetts when the Committee has paid all of its bills and completed the mandate which you gave to the Committee.

Contrary to what you have read in the newspapers, I can assure you that the new High School is structurally sound. There are certain adjustments and corrections which the contractors have to do and these will be done in accordance with the plans and specifications and to the satisfaction of the Committee. It is my hope and desire that the hard work, dedication, zeal and positive attitude which has been clearly shown by the Building Committee Members will be continued by those now charged with the operation of this structure, and the philosophy of education and culture which permeated the planning and continued during the construction will be demonstrated during the ensuing years.

Read by Michael J. DeCesare, Co-Chairman.

## THE ELEMENTARY SCHOOL BUILDING COMMITTEE REPORT TO THE TOWN MEETING MONDAY, MAY 13, 1974

On February 11, 1974, the first meeting of the Elementary School Building Committee was convened by Town Moderator Anthony Allegrezza.

Since that time, the committee has met on a weekly basis on alternate Monday and Tuesday nights. Our meetings are open, and the public is cordially invited to attend.

It is my pleasure to report that the committee is functioning effectively. Our members are approaching their task with dedication and purpose, and our attendance has been above 75 per cent which we feel is remarkable for a committee this size.

Because of its size and for reasons of efficiency, the 25 members decided initially to sub-divide into five separate sub-committees. Each sub-committee has its own chairman and meets whenever the occasion demands in addition to attending the regular weekly meeting.

The Five Sub-Committee's presently in operation are:

1. An educational specification sub-committee.
2. A site selection sub-committee.
3. An enrollment projection sub-committee.
4. A construction sub-committee.
5. A finance sub-committee.

As of this evening, the status of the Elementary School Building Committee is as follows:

On the basis of previous school committee investigations and the recommendations by our own Site Selection Committee, the primary site under consideration is located at the corner of Congress and North Vine Streets.

The parcel contains 22.4 acres and is owned by the Town of Milford.

All necessary utilities such as a sanitary sewer, a storm drain and town water are readily accessible. Our sub-committee has been in contact with the sewer commission and no major or insurmountable problem is expected with respect to a sewer connection.

Our Finance Committee reports that we have spent \$85.00 leaving a balance of \$9915.00 from the \$10,000 allotted.

The bulk of this expenditure was for a preliminary topographic map of the North Vine Street Site which was forwarded to the State Building Assistance Bureau for preliminary approval. Mr. Joseph Bishop of the State Building Assistance Bureau promptly responded by informing us that the site is "approvable."

Although the site presented no major difficulties, it became apparent in our initial discussions that the Elementary School Building Committee would accomplish little unless every member was convinced of the need for new school construction (just as every town meeting member must be convinced).

To accomplish this, an enrollment projection was made and school space needs were projected for the next 10 years. After some discussion, the committee accepted the projections as reasonable and proceeded to question the possible means of satisfying this need. Being extremely cost conscious, (since many of our members are also town meeting members), lengthy discussions ensued concerning the cost of operating and maintaining our existing

facilities, the cost of rentals, and the projected economic effects of new school construction.

In the midst of these discussions and data gathering, the issue was compounded by the announcement that St. Mary's High School would close.

The Committee then decided to tour all of our existing elementary facilities as well as St. Mary's.

The tour of our existing elementary school facilities convinced even our most conservative members that one should seriously question the wisdom of spending additional tax dollars to refurbish many of these structures. It was evident even to an untrained observer that three of the wooden structures were in need of extensive repairs and should be phased out as soon as possible.

Considering the projected school enrollments, the cost of rentals, the condition-operating and maintenance cost of our existing facilities, the cost of new construction and the availability of St. Mary's; the following motion was finally passed (17 in favor, 3 abstain).

"That the Elementary School Building Committee move toward adopting the position that the town construct one Elementary School Building containing the educationally feasible maximum number of classrooms (which has since been established at 32) and that said building be constructed on the North Vine St. Site."

What this means, in effect, is that if the town decides to acquire St. Mary's, the Elementary School Building Committee will ask the town to approve the construction of one new school building. If for some reason, the town chooses not to purchase St. Mary's, the Elementary School Building Committee will most likely (although such a motion has not been made or passed) ask the town to approve the construction of two elementary school buildings.

Now there are those in this community who are under the impression that the availability of St. Mary's, in itself, solves our elementary school space problems. We can assure you, and it can be shown with facts and figures that this unfortunately is not the case. By school year; 1976-77, (the year that a new elementary school would most probably be available for occupancy), our estimates indicate that both St. Mary's, if acquired, and the new elementary school, if approved, would be operating at full capacity.

In fact, our elementary school enrollment projections shown an increase in enrollment through the 70's and into the 80's where they should finally stabilize by 1984.

Now you're probably asking, "What will new construction cost?" It is of course difficult to project the cost of new construction when an architect has not as yet been chosen and preliminary plans are not available. However, the town meeting members are entitled to at least a preliminary estimate: something, let us say you can hang your hats on.

We feel, and the architects interviewed to date agree, that a new school housing 32 classrooms can be built for less than 2.75 million dollars (based on today's dollar).

What does this figure mean in dollars and cents to the taxpayer?

Last year, 19 classrooms were rented by the school department which cost the town approximately \$59,000. On the basis of a 65% reimbursement from the state, the

town's share of the principal and interest for a new school housing 19 classrooms would be slightly less than the rental figure cited. Basically, what it boils down to is this: Using existing economic conditions, the cost of renting classrooms is approximately equal to the principal and interest payments the town would make for a new school building of comparable size.

The net cost to the town therefore, resulting from new construction, is approximately equal to the maintenance and operating cost of the new facility; which we estimate to be in the neighborhood of \$75,000 for the structure under consideration. Using this year's Tax Base, this figure represents approximately \$2.00 on the Tax Rate.

When one considers the obvious advantage of ownership in an inflationary period (since your dealing with a fixed mortgage) a long term economic analysis would prove very favorable for new construction; not to mention the long term educational benefits derived.

Our construction sub-committee therefore, has been in contact with over 60 architectural firms; who received a questionnaire prepared by the members of the sub-committee.

Based on response to the questionnaire, the following six architects have been chosen by the sub-committee for preliminary interviews:

1. Drummey, Rosane and Anderson, Inc., Wellesley, Mass.
2. C. E. McGuire, Boston
3. Rich, Lang and Cote, Newton
4. Brown, Fisher and Nickerson, Boston
5. Earl Flannsburg, Boston
6. Doy Zimmerman, Burlington

Three interviews have been conducted to date, the fourth and fifth are being held tonight and the sixth will be completed by Wednesday. At that time, the Construction Sub-committee will recommend three architects to the Elementary School Building Committee who will then interview the remaining candidates. We expect to choose an architect by the first week in June.

The Construction Sub-committee reports the \$10,000 figure allotted at the last town meeting is adequate for the preparation of preliminary plans. The architects interviewed to date indicate that it will take 6 to 8 weeks to prepare preliminary plans.

It is the Elementary School Building Committees' intention to present these preliminary plans at a Fall (1974) Town Meeting for approval by this body. We further intend to satisfy school committee requirements, and the elementary school space needs of this community at a minimum cost to the town.

Respectfully submitted,

ANTHONY J. DeLUZIO

Report read by Joseph P. Nealon.

## REPORT

In accordance with article eleven of the Special Town Meeting December 10, 1973, the Milford Public Medical Home Building Committee wishes to submit a report of progress.

The Committee as appointed by the Selectmen held their first meeting on January 11, 1974.

The attendance at all of the committee meetings has been excellent and each member has accepted and spent many hours on various assignments and sub committees.

A new home must be built if the citizens of Milford wish to continue to assume their responsibility to the members of our community mainly because the present medical home does not and cannot be converted to meet all the new state and Federal standards.

After interviewing several architects the committee voted to engage Richmond-Paley Associates Architects and Engineers of Cambridge, Mass. Richmond-Paley Associates are the designers of about eighty nursing homes in the New England States and have also been involved in the construction and renovation of many hospitals.

The original time table as set up by the committee did not call for consideration of this whole package at this time. We originally thought that we could work all this summer and make our final proposals at a special Town Meeting in November or December.

When we learned that Federal funds under the Hill Burton Act would not be available after Sept. 30, 1974 the committee voted to accelerate the time table and work on a continuous basis.

Under the terms of the Hill Burton Act the Town of Milford can be reimbursed up to the amount of fifty percent of the cost of this type of facility.

Respectfully submitted,

Article 65. To see if the Town will vote to amend the Milford Zoning Bylaw by changing Article II, Section 2.5 - Intensity of Use Schedule under Rural Residential RC, to read as follows: Intensity of Use Min. Lot Requirements RC, Area, total or first two dwelling units (1,000 sq. ft.), 45, or take any action in relation thereto.

(Planning Board)

A public hearing was held in the Planning Board Office on April 16, 1974 at 8:15 P.M. proposal to change zoning

by-law by increasing the lot sizes from 30,000 sq. ft. to 45,000 sq. ft. in the RC zone (Rural-Residential). The Town Civil Engineer discussed the preliminary finds of the soil survey prepared by Soil Conservation Service. This survey shows that approximately two-thirds of the RC zone contains oil types having severe limitations to residential developers even if serviced by municipal water and sewer and a greater percentage of this area contains soil with severe limitations for septic tanks. Presently this area is located a great distance from municipal services and it is highly unlikely that these services will be extended into the RC Zone in the near future.

A local builder, who owns an existing subdivision within the RC Zone, requested that this Board amend this proposal by changing the RC Zone boundary line to exclude his subdivision. Town Civil Engineer explained that the RC Zone as it now stands conforms very closely with the results of the soil survey.

Another local builder objected to this proposal; he stated that young low-income couples could not afford to buy or build homes on these larger lots.

The public hearing was closed and taken under advisement.

On May 7, 1974, with four members present, the Planning Board voted unanimously to recommend favorable action on Article 65.

Voted: That the Town vote to amend the Milford Zoning Bylaw by changing Article II, Section 2.5 – Intensity of Use Schedule under Rural Residential RC, to read as follows:

Intensity of Use Min. Lot Requirements RC, Area, total or first two dwelling units (1,000 sq. ft.), 45.

Question now on amendment and it was voted to accept same.

Article 66. To see if the Town will vote to amend Article II of the Zoning Bylaw of the Town of Milford by adding a new subsection 2.6 entitled “Moratorium bylaw” to read as follows:

#### 2.6 Moratorium by-law

No multi-family dwelling within the Town of Milford shall be hereafter erected, constructed, structurally altered in any manner whatsoever, nor shall any permit for such dwelling be issued by the Building Inspector, for a period of time commencing as provided by Chapter 40A, Section 11 of the General Laws and terminating upon the close of business of the 1975 Annual Town Meeting. During this moratorium period, relief may be obtained in accord with the provisions for variances granted by Chapter 40A, Section 15, of the General Laws, or take any action in relation hereto.

(Planning Board.)

The Moderator called for the Planning Board report.

A public hearing was held on April 16, 1974 at the Planning Board Office to consider extending the Moratorium By-Law for one year. About twenty interested residents attended this hearing. The Chairman explained that this proposal is geared towards large projects; if a small complex of three or four units is contemplated, relief can be sought from the Zoning Board of Appeals. Reasons for proposed one-year extension are over-burdened classrooms, drainage problems and the state-imposed sewer ban which is still in effect throughout the Town.

One resident builder objected to this proposal stating that seeking relief from the Zoning Board of Appeals was costly and time consuming.

The Public Hearing was closed and a unanimous vote of five members to recommend favorable action on Article 66 was recorded.

Voted: That the Town vote to amend Article II of the Zoning Bylaw of the Town of Milford by adding a new subsection 2.6 entitled “Moratorium by-law” to read as follows:

#### 2.6 Moratorium by-law

No multi-family dwelling within the Town of Milford shall be hereafter erected, constructed, structurally altered in any manner whatsoever, nor shall any permit for such dwelling be issued by the Building Inspector, for a period of time commencing as provided by Chapter 40A, Section 11 of the General Laws and terminating upon the close of business of the 1975 Annual Town Meeting. During this moratorium period, relief may be obtained in accord with the provisions for variances granted by Chapt. 40A, Sect. 15, of the General Laws.

Voice vote unanimous.

Article 67. To see if the Town will vote to amend the Milford Zoning By-law by deleting present sections 3.4 and 3.5, and substituting the following:

3.4.3 HANDICAPPED PARKING. The following requirements must be met.

a) All off-street parking areas shall provide parking spaces for the handicapped.

b) The number of handicapped parking spaces required shall be at least one or one-half of one per cent ( $\frac{1}{2}$  of 1%) of the total number of parking spaces required under Sec. 3.4.1, whichever is greater.

c) Handicapped parking spaces shall be located as close as possible to the main entrance of the building.

d) These spaces shall be designated as "For Handicapped Persons Only," by a sign or other suitable means.

e) Handicapped parking spaces shall not be less than 12 feet wide nor less than 19 feet long, exclusive of Maneuvering and driving lanes.

3.4.4 For parking areas of 8 cars or more the following shall apply:

a) Not more than one entrance and one exit shall be permitted onto a street from any parking area per 200 feet of

frontage or fraction thereof in a commercial district, and per 300 feet of frontage or fraction thereof in other districts. Each entrance and exit shall not be more than thirty feet in width.

b) Open off-street parking areas which are located within or adjacent to a residential district or use shall be screened from all adjoining lots residentially used or zones by either:

1) A strip four feet wide densely planted with shrubs or trees, or

(2) A solid wall or fence not less than four feet or more than six in height.

c) Parking area use shall not require backing onto a public way.

d) Parking lots for 8 or more cars, except in the CA District, shall contain or be bordered within 5 feet by at least one tree per 8 cars, trees to be of 2" caliper or larger, and if within the parking area, to be planted in curbed soil plots allowing not less than 40 square feet of unpaved area per tree. All banks exceeding 15 degrees slope resulting from parking lot grading shall either be retained with a retaining wall or covered with top-soil to a depth of 4" minimum and planted with vegetative cover sufficient to prevent erosion."

3.5 LOADING REQUIREMENTS. Adequate off-street loading facilities and space must be provided to service all loading needs created by new construction, whether through new structures or additions to old ones, and by change of use of existing structures, except that any isolated lot or combination of contiguous lots in the CA District under common ownership totalling less than 20,000 sq. ft. shall be exempted. Facilities shall be so sized and arranged that no trucks need back onto or off of a public way, or be parked on a public way while loading, unloading, or waiting to do so, or take any action in relation thereto.

(Planning Board)

The Moderator called for the Planning Board report.

A public hearing was held in the Planning Board Office on April 16, 1974 to consider amending the Zoning By-law Section 3.4 and 3.5 Parking Requirements. Each section was read and discussed individually. About eighteen interested towns-people attended this hearing. The Secretary of the Planning Board, Mrs. Seena Heller, again stated that this Board should defer the Parking Requirements regarding *Nursing Homes* until such time as consideration is given to rezoning areas in which Nursing Homes are allowed. Board Member Arthur Iacovelli stated that there was no real problem with the present permitted Nursing Home Zoning. Selectwoman Marie Parente stated that proposed permitted parking of Nursing Homes would be compatible with city life with its public parking and public transportation, but that Milford has neither. There were no questions or discussions regarding other sections of this proposal.

The Public Hearing was closed and taken under advisement.

On May 7, 1974 the Board again discussed this proposal. The reasons for this change are: the Planning Board has revised their entire Parking Section to reflect experience with these provisions both in Milford and elsewhere since 1965 when they were originally proposed. In addition to revising Section 3.4.1, number of spaces, new sections 3.4.2 design, 3.4.3 handicapped parking and 3.4.4 provisions for

parking lots for eight cars or more were added. Section 3.5 Loading Requirements was made less explicit; the present standards have been found to be excessive. The following vote was taken with four members present: three in favor, one opposed was recorded to recommend favorable action on Article 67.

The Milford Planning Board recommends favorable action on Article 67.

An amendment to the motion was submitted to delete Section K of 3.4.1 and have one space for each bed, one space for each employee and one space for each staff doctor. This amendment defeated by voice vote.

A second amendment was submitted to delete Section K of 3.4.1 number of spaces and thereby changing present proposed section (L) to (K) and changing present proposed section (M) to (L). Lost by voice vote.

Question now on the motion and it was

Standing Vote — 123 in favor 3 opposed.

Article 68. To see if the Town will vote to amend the Milford Zoning By-Law by inserting the following subsection, or by taking any other action relative thereto: 3.3.8 A fee of \$5.00 shall be paid to the Town of Milford for each occupancy permit obtained from the Building Inspector as required by subsection 3.3.7, and an additional fee of \$5.00 shall be paid to the Town of Milford on the anniversary date of the original permit whenever the original permit is to continue in force.

(Building Inspector)

A public hearing was held on May 7, 1974 to consider amending sub-section 3.3.7 of the zoning by-law by inserting a \$5.00 fee for Home Occupation permits issued by the Building Inspector and also a \$5.00 renewable fee. There were no residents present for hearing.

The Building Inspector explained that since an inspection has to be made on all home occupations, he feels that a \$5.00 fee is more feasible than the \$1.00 fee currently charged; also he feels that these permits should be renewed every year for the keeping of more up to date records.

The public hearing was closed and a unanimous vote of four members was recorded to recommend favorable action on Article 68.

A standing vote showed 24 voted in the affirmative and 84 voted in the negative. The motion on this article was lost.

Article 69. To see if the Town will vote to amend the Zoning By-Laws by changing that portion of the Zoning Map marked "Area 1" on the Zoning Map which accompanies the warrant from its present classification of an RB district to an IB district which "Area 1" is bounded as follows: Southerly by the northerly line of National Street about 500 feet; Westerly by land of the Inhabitants of the Town of Milford about 825 feet; Northwesterly by land

now or formerly of one Boone about 231 feet; Northeasterly by land of Massachusetts Electric Company about 63 feet; Easterly by the Westerly line of the Penn Central Railroad Company about 1000 feet; said area being about 6.7 acres; or take any action in relation thereto.

(Richard G. Innis)

The Milford Planning Board held a public hearing on May 7, 1974 to consider amending the zoning map by changing a section designated as Area 1 (on attached map) from RB to IB. About twelve residents and abutters were present.

Attorney Robert Phillips represented Applicant and explained the proposal. Proposed zoning change is more consistent with commercial and industrial zoning around it. It was indicated that a non-objectional industry is interested in this site . . . one having a relationship with the present industry in the area, Foster Forbes Glass Company, such as warehousing and/or packaging facilities.

The only objection with drainage and sewerage; the passage of Article 36 in the Town Meeting Warrant will correct the sewer situation.

Finally the Planning Board asked the recommendations of the Town Engineer and Town Planner; they assured the Board that there were no problems regarding drainage or wetlands.

The public hearing was closed and taken under advisement.

Later in the meeting a unanimous vote of four was recorded to recommend favorable action on Article 69.

The Milford Planning Board recommends favorable action on Article 69.

Voted: That the Town vote to amend the Zoning By-Laws by changing that portion of the Zoning Map marked "Area 1" on the Zoning map which accompanies the warrant from its present classification of an RB district to an IB district which "Area 1" is bounded as follows:

Southerly by the northerly line of National Street about 500 feet;

Westerly by land of the inhabitants of the Town of Milford about 825 feet;

Northwesterly by land now or formerly of one Boone about 231 feet;

Northeasterly by land of the Massachusetts Electric Company about 63 feet;

Easterly by the westerly line of the Penn Central Railroad Company about 1000 feet; said area being about 6.7 acres.

Voice vote unanimous.

It was moved and seconded to adjourn to Monday, a 7:15 P.M.

The meeting adjourned at 10:15 P.M.

An amendment to delete B301 — defeated by voice vote.

Question now on Personnel Board recommendation and it was

Voted: That Article 3 be accepted as amended.

Article 71. To see if the Town will vote to amend its By-Laws by adding thereto "Dog Control."

Section 1. The Dog Officer shall restrain or muzzle, or issue an interim order to restrain or muzzle, for a period not to exceed 14 days, any dog for any of the following reasons:

- a. For having bitten any person.
- b. For excessive barking, howling or in any other manner disturbing the quiet of the public.
- c. If found at large or unmuzzled as the case may be while an order for the restraint of such dog is in effect.
- d. If found in a school, schoolyard, school bus stop or public recreational area.
- e. For having killed or maimed or otherwise damaged any other domestic animal.
- f. For chasing any vehicle upon any public way or way open to public travel in the Town.

Upon restraining or muzzling or issuing an interim order to restrain or muzzle, the Dog Officer shall submit in writing to the Selectmen a report of his action and the reasons therefor. Upon receipt of such report the Selectmen may make such order concerning the restraint, muzzling or disposal of such dog as may be deemed necessary. If the Selectmen fail to act upon the report during the period the dog is restrained the order automatically is vacated.

Section 2. Appeal of restraint or muzzling: The owner or keeper of any dog that has been ordered to be restrained or muzzled or has been restrained under this article may file a request in writing with the Dog Officer that the restraining order be vacated or that the dog be released, and after investigation by the Dog Officer, such officer may vacate such order or release such dog if the order of restraint was imposed by him. If the order was imposed by the Selectmen, the Dog Officer shall submit a written report of the investigation, with his recommendations, to the Selectmen who may vacate such order. Any person aggrieved by any order made by the Board of Selectmen pursuant to this by-law may appeal to the District Court under the provisions of Section 157 of Chapter 140 of the general laws.

Section 3. Vaccination against rabies; Whoever is the owner or keeper of a dog six months of age or older shall cause such dog to be vaccinated against rabies by a licensed veterinarian using a vaccine approved by the Department of Public Health.

Vaccinated dogs shall be revaccinated periodically in accordance with rules and regulations adopted and promulgated by the Department of Public Health.

Whoever violates the provisions of this section shall be punished by a fine of not more than fifty dollars.

Section 4. Any owner or keeper of a dog who shall fail to comply with any order of the Dog Officer or Selectmen issued pursuant to this article shall be punishable by fine of ten dollars.

(Selectmen)

After considerable debate on the motion it was "moved the question." A standing vote showed 115 persons voted in the affirmative and 3 persons voted in the negative. The motion to shut off debate carried.

Voted: That the Town vote to amend its By-Laws by adding thereto "Dog Control."

Section 1. The Dog Officer shall restrain or muzzle, or issue an interim order to restrain or muzzle, for a period

#### ADJOURNED TOWN MEETING, MAY 29th 1974

The meeting was called to order by Moderator Allegranza at 7:30 P.M. The Monitors reported 125 persons present, a sufficient number to constitute a quorum.

Article 74. To see if the Town will vote to adopt and enact the following by-law relative to restraint of dogs in the Town of Milford: In the year one thousand nine hundred and seventy-four.

I. Definition of Terms. Section 1. "Restraint of dogs." No person who owns or keeps a dog shall allow the animal to run free when not restricted to the premises of said owner or keeper. When off said premises such dogs shall be leashed and curbed. Excepted and excluded from the provisions of the "restraint of dogs" shall be such dogs when the same are under the supervision and control of their trainers, owners or keepers.

II. Impounding. Section 2. It shall be the duty of the dog officer to apprehend any dog found to be in violation of Section I, and to impound such dog in a suitable place or to order the owner thereof to restrain said dog.

III. Notice to Owner and Redemption. Section 3. If such dog so impounded has upon it the name or address of the owner thereof, or if the name of said owner is otherwise known, then the dog officer shall immediately notify the owner and if the owner is not known then no notice shall be necessary. The owner of any dog so impounded may reclaim such dog upon payment of the sum of \$2.00 for the first twenty-four (24) hour period or any part thereof that the dog is held thereafter, provided, however, if the dog is not licensed, that before release to any person a license as required by the Town of Milford shall be secured.

IV. Penalty. Section 4. Any person found in violation of Section I, shall be liable to a penalty not exceeding ten dollars (\$10.00), or take any action in relation thereto.

(Selectmen)

Article 62. To see if the Town will raise and appropriate or transfer from available funds the sum of Fifty Thousand (\$50,000.00) Dollars to be used for the purpose of purchasing various equipment for the high school facility, this equipment being an electrical scoreboard for the baseball field, bleachers and pressbox for the football field, an electrical scoreboard for the football field, fencing for the perimeter of the football field, and an electrical swimming pool scoreboard, or take any action thereto.

(School Committee)

Voted: That the Town raise and appropriate the sum of \$9,800.00 to purchase and install fencing for the perimeter of the football field located at the new High School, and authorize the School Committee to expend that sum for that purpose.

Voice vote unanimous.

It was now moved and seconded to take Article 48 from the table.

Article 48. To see if the Town will adopt the following By-Law: "Effective July 1, 1974, and each fiscal year thereafter, all owner occupied property of individuals sixty years of age and older will be eligible for an exemption in the total taxes due to the extent the school expenses on their tax bills bears to their total tax. This law to be administered by the Board of Assessors, or take any action in relation thereto.

(Robert W. Holbrook)

At the request of the Moderator Town Counsel Doherty informed the meeting that under Sec. 6, Article 89 of the Constitution this was declared unconstitutional.

Article 79. To see if the Town will appropriate from available funds under the Excess and Deficiency Account a sum of money for use by the Board of Assessors in fixing the tax rate for the fiscal year from July 1, 1974 to June 30 1975, or take any action in relation thereto.

(Assessors)

Voted: That the Town appropriate from available funds under the Excess and Deficiency Account the sum of \$300,000.00 for use by the Board of Assessors in fixing the tax rate for the fiscal year from July 1, 1974 to June 30 1975.

Voice vote unanimous.

It was moved and seconded to dissolve the warrant.

The warrant was dissolved at 10:00 P.M.

## Report of the Superintendent of Schools

To the School Committee and  
the Citizens of the Town of Milford:

Herewith I submit respectfully the ninety-fifth annual report of the School Department and my third as Superintendent of Schools.

1973 was an exceptionally busy and productive year for the Milford Public Schools. The long-anticipated opening of the new Milford High School took place, September 17, 1973, was the first school day at the new facility while its formal dedication ceremonies and public tours occurred during the weekend of November 24 and 25. The public's reaction was uniformly positive and enthusiastic.

The new Middle School was somewhat overshadowed by the structural pre-eminence of the high school and its consequences, but the educational value and significance of the new Middle School program in the old high school facility, cannot be denied. Using the cluster plan, instructional programs and courses for students in grades 6, 7, and 8 have become more individualized. An added factor is that the cluster plan allows teachers to know their students and their needs better, without denying the student access to a variety of teachers and teaching styles.

In addition to these hallmarks in the development of the Milford Public Schools during 1973, all personnel participated in the development of two massive sets of activities, one pertaining to educational facilities; the other to educational programs. The first was the act of moving large numbers of teachers, books, and other accoutrements of schooling, from one building to another, throughout the school system. The second was (and will continue to be) the change from one educational program, curriculum, scheduling process, projects, and philosophy to another. This took place, not only at the high school and the Middle School but at the newly rented and renovated Pinewood School with its Open Classroom program, at Memorial School with its revised grade organization and grouping pattern, at West, Chapin and Oliver Streets Schools with their new cooperative teaching programs and projects, at Stacy which was converted into an elementary school, at our rented facility at the Sacred Heart School, and at Plains School with its expanded grade organization and its cooperative teaching pattern and individualization of instruction.

A significant factor in all these changes has been the involvement of the teachers and administrators in ad hoc committee work in the high school, during the evolution of the middle school philosophy and program, during the preparation for the kindergarten program and the program for the open classrooms at Pinewood School, or the new grouping patterns at Memorial School. And through the act of such involvement it was clear to everyone that none of these changes were for change sake, but rather were (and still are) all significant and worthwhile endeavors initiated and developed to improve the learning experiences for the children of the Milford Public Schools.

In recognition of the space needs problem in the elementary schools, including the rental of 19 classrooms and the continued use of outmoded facilities, Town Meeting, during a special session, created an Elementary School Building Committee in December. It is the expectation of parents and teachers alike, that the process of development toward the construction of one or more new elementary schools, will proceed with judicious speed, for the space needs will become worse as each school year goes by.

As I have mentioned before, without any doubt, the demands upon this school system and the citizens of this town will increase steadily and unremittingly during this decade as the direct result of the town's rapid population growth. No one is attempting to avoid his responsibilities, but no one elected body, such as the School Committee, and no appointed administrators, can assess, manage, and answer the needs of all the children of Milford without the whole-hearted and sustained cooperation of all our citizens.

The past year has been busier than the last filled with problems and situations which required the members of the expanded seven member School Committee to spend an inordinate amount of time and effort. They deserve, both individually and collectively, the thanks of all of us for their selfless devotion to the needs of the children of Milford throughout 1973.

# Report of the Board of Sewer Commissioners for 1973

## To the Citizens of Milford:

The Board of Sewer Commissioners respectfully submits this report on the Milford Sewerage System for 1973:

## Collecting System

In addition to the annual routine maintenance of the sewer system by use of the jet cleaning equipment, the Depot Street main siphons were cleaned by the New England Pipe Cleaning Company. These lines are difficult to clean because of their length and plans are being worked on to provide for easier means of cleaning on a more frequent basis. TV camera inspection was made at some locations where pipe breaks or leaks were suspected, and repairs were made.

Sewer construction was limited to extensions to serve new industrial or commercial installations, and at previously approved development areas.

Construction by Town appropriations consisted of an extension on Birch Street, from the Birch Street pumping station to near Maple Street, with new pumping station at the corner of Beaver Street and Birch Street; and the installation of an ejector station on Howard Street with force main connection to the main trunk sewer.

Sewer construction in Town ways were constructed by private enterprise, in Beaver Street and Maple Street, to the new industrial plant of the Waters Associates, and other construction in development street locations was done by the developers. Connections to the sewer system from streets through private property were constructed by private concerns at Maple Street, Howard Street and the K-Mart center at Medway Street.

Sewer connections were limited to those approved by the State Division of Water Pollution Control.

## Construction is Tabulated as follows:

Service connections — individual basis	33
Service connections in developments	155
Service connections previously reported	4,171
<b>Total Sewer Service Conections</b>	<b>4,359</b>

## Street Sewers

a. By Town Appropriation:	
Birch St. Pumping Station to Beaver St. 12" A.C.	2,443 ft.
b. By Private Developers:	
Beaver St. to Maple St. 12" A.C.	440 ft.

Maple St. — Birch St. Southerly 8" A.C.	770 ft.
Brookfield Road 8" A.C.	1,265 ft.
Walker Ave. 8" A.C.	700 ft.
Woodridge Drive 8" A.C.	580 ft.

Iadarola Ave. Ext. 8" A.C.	420 ft.
Williams St. 8" A.C.	570 ft.
Lucia Drive 8" A.C.	700 ft.
Sub-total of private construction —	6,505 ft.
	=====
Total new street sewers	8,948 ft.
	= 1.695 miles
Previously reported =	44.134 miles
	———— miles
Total length of sewers	45.829 miles

## Pumping Stations and Force Main

(Town Appropriation)

- Beaver Street Pumping Station** (New Construction)  
Smith and Loveless Package Type Station — Ser. No. 08-7115E 2 — 200 g.p.m. pumps with auxiliary pumping connection with 465 ft. 6" P.V.C. force main.
- Howard Street Ejector Station** (New Construction)  
Smith and Loveless Duoject — Ser. No. 21-7027E Duplex 50 g.p.m. ejectors, with auxiliary pumping connection, with 715 ft. of 4" PVC force main.
- Plans are being prepared for a comminutor installation at the Charles St. station,

## Sewers in Private Property — principal lines

a. Waters Assoc. connection 8" A.C.	770 ft.
b. Foster Forbes connection 8" A.C.	750 ft.
c. Milford Housing for Elderly 6" A.C.	483 ft.
d. Hannon Co. (K-Mart) 8" A.C. with sewage lift station	1,640 ft.

## Treatment Plant

The sewage treatment plant was operated with routine maintenance and effluent chlorination during the summer months. Continued excellent treatment for this type of secondary treatment plant was experienced with B.O.D. removals averaging 91 per cent, with an effluent of high stability.

Flow received at the plant by months is summarized as follows, in million gallons (M.G.):

Month	Total Flow Million Gallons	Ave. Daily M.G.D.
January	92.802	2.99
February	82.516	2.95
March	77.632	2.50
April	88.435	2.95
May	82.728	2.67
June	60.969	2.03
July	63.756	2.01
August	44.040	1.43
September	37.759	1.26
October	35.620	1.15
November	43.420	1.45
December	86.855	2.80
Yearly Total	796.532 Million Gallons	
Average Daily Flow	2.182 Million Gallons	
Maximum Day	4.446 Million Gallons	
Minimum Day	1.077 Million Gallons	

In accordance with the conditions of the Superior Court decree, a preliminary report on Additions and Improvements to the Wastewater Treatment Plant was prepared by our Consulting Engineers, Haley and Ward, Inc., and has been submitted to the State Division of Water Pollution Control for review and approval. This will involve very high grade tertiary treatment with nutrient removal, to meet stringent effluent requirements for discharge to the Charles River as adopted by the State, and must be accompanied by an investigation and correction of infiltration and extraneous flows into the sewer collecting system. This will be a major undertaking on behalf of the Town, for its sewer system, over the next few years.

Plans have also been prepared for a new trunk sewer from Main Street to Dilla Street to relieve flow conditions on the existing Dilla Street interceptor, and are awaiting approval by the State.

Tentative consideration is being given to provide extended trunk line capacity to serve areas in the north and northwest sections of the Town, to meet future requirements.

### Report of the Milford Planning Board

To the Honorable Board of Selectmen  
and Citizens of the Town of Milford:

The Planning Board held regular bi-monthly meetings during this eighteen month period with one meeting during the summer months. A new policy was instituted by this Board whereby quarterly inter-board meetings are being held for better communication between Boards and Departments.

Many plans thought not to require approval were submitted to and signed by your Board and six subdivisions with a total of 193 lots were approved. Preliminary plans of two subdivisions, totaling 125 lots have been submitted. This board disapproved a preliminary plan of a parcel of land which is the proposed location of an 800 camp site. Seven projects for site-plan review were submitted to and approved by this Board.

At the 1973 annual Town Meeting, a moratorium by law was approved which prohibits construction of multi-family dwellings. During the 1974 annual town meeting, this

moratorium by-law was extended until the annual town meeting of 1975. Also the minimum lot size of the RC (Rural Residential) Zone was increased from 30,000 sq. ft. to 45,000 sq. ft. This action is in accordance with completed soil-survey showing a large portion of the RC Zone having soil conditions difficult for small lot development without town sewerage. The entire Parking Requirement section of the Zoning By-law has been updated and approved by the 1974 annual town meeting.

This Board is now a member of the American Society of Planning Officials (ASPO). This organization provides a planning advisory information service which will greatly assist your Planning Board.

## Report of the Milford Fire Department

To the Honorable Board of Selectmen  
and the Citizens of the Town of Milford

I hereby submit this report and make these suggestions.  
That funds be provided for the hiring of additional men, and the replacement of Engine 1, which is twenty years old.  
That the Town continue to support the Fire Science Associate Degree Program at Quinsigamond Community College, by paying for Tuition, and the continued support

of the Incentive Pay for Firefighters, who are enrolled in this program. Charles Bishop of this Department has already completed this program for an Associate Degree, and was recently awarded his Degree.

I would like to take this opportunity to thank the Board of Selectmen, as well as all other Department heads and their employees, for their support and cooperation during the last year and a half.

Respectfully yours,  
JOHN E. DePAOLO, Fire Chief

#### Report of the Wiring Inspector

To the Honorable Board of Selectmen  
and the Citizens of the Town of Milford:

The Wiring Inspector submits the following report for  
the period of eighteen months from January 1st 1973  
ending June 30th 1974.

I have been continuing office hours from 8 A.M. to 9:30  
A.M. every morning at the Town Hall. Being permanently  
located at the Town Hall makes it very convenient for  
anyone requesting a permit or inspection.

The increase in Industrial and Commercial building in  
the past eighteen months has greatly increased the number  
of inspections.

## Report of the Police Department

To the Honorable Board of Selectmen  
and the Citizens of the  
Town of Milford, Massachusetts:

It is my pleasure to submit a report of the activities and expenditures of your Police Department for the period January 1, 1973 through June 30, 1974.

This Department has been taxed to a great extent due to the increased population of our Town and the resulting increased demands for Police services in all areas. Hopefully in the coming months we will be better able to serve you as your Police Force will be increased through the far-sightedness of your Selectmen and the generosity of the Town Meeting members at the Annual meeting in May 1974.

May I at this time express my sincere gratitude to the Board of Selectmen, all Department heads, their personnel and the citizens of Milford, for the cooperation extended me and this Department.

I pledge your Police Department shall continue to serve each of you to the best of our abilities.

Respectfully submitted,

JOHN J. McGRATH

Chief of Police

## Report of the Milford Finance Commission

October 31, 1974

Honorable Board of Selectmen  
Town of Milford  
Milford, MA 01757

Gentlemen:

This Commission has in the past recommended a number of changes, both in the administration and the operations of our Town Government. The high rate of absenteeism of precinct members at both special and annual Town Meetings is a matter of deep concern. We must, therefore, recommend that consideration be given to changing from representatives to open Town Meetings to permit active participation by all interested parties.

We wish to acknowledge the efforts and cooperation of all Town Departments during the last fiscal year.

Very truly yours,

Nicholas P. Moschilli  
Chairman

### Report of the Board of Selectmen

To the Citizen's of the Town of Milford:

Here follows the report of the Board of Selectmen to the residents of the Town of Milford. This report is intended to present a brief summary of our activities for the fiscal years 1973 and 1974.

#### Topics Program

In 1970, the Board of Selectmen engaged the firm of Peat, Marwick, Mitchell to serve as consultants to the Town of Milford in conducting a study to assist the town in obtaining funds for traffic flow improvement. This traffic

study was completed in 1971 and five intersections were selected as high priority to be improved in the first phase of the program. The firm of Fay, Spofford and Thorndike has made modifications in the plan for consideration of the local abutters involved and the final design plan was completed this year. Several open meetings were held for the benefit of residents and local businessmen by the Board of Selectmen and Engineers from Fay, Spofford and Thorndike to explain the proposed new change and plans.

In March of this year a Special Town Meeting was held to authorize eminent domain proceedings for the purpose of implementing the topics program.

Through the efforts of the board with the help of the previous Town Planner and Town Engineer all topics plans have been approved by the Federal Highway Administration and the State Department of Public Works. The project has been sent out to bid by the State and construction is scheduled to commence in early 1975. Milford will receive \$400,000.00 in State funds for this project and the town's share is \$8,000.00.

#### Hot-Lunch Program

Your Board of Selectmen has always extended cooperation to residents requests, especially the elderly citizens in town. A request was made to us by the Council on Aging for aid in implementing a Hot Lunch Program for the Elderly. We then assigned our Administrative Assistant to research the feasibility of such a program.

Although state funds were not available this year, the Hot Lunch Program was set up by the efforts of our Administrative Assistant Andrew Gala, Jr. and James Berrini, Director of Food Services for the Public School System.

The program which is run at the new High School Cafeteria features 50c-lunches for any elderly person in town who wants such a meal. The lunches are served daily while school is in session and free transportation is being provided by Birmingham Bus Service.

While this is a pilot program for Milford, we feel that there is a need for this program and anticipate a good response and participation.

#### Create Three New Permanent Positions

Since the inception of the EEA Program back in 1971, we were able to seek additional expertise in the areas of Administration, Planning and Engineering which has greatly helped departments already burdened with an increasing demand for public services and assistance. The individuals working in these positions demonstrated their ability to solve the many varied problems that confronted them and by doing so proved that there was in fact a need and justification for the (3) three new positions. Therefore, we as a board sponsored the articles at Town Meeting to make the position of Administrative Coordinator, Town Planner and Civil Engineer permanent full time positions.

#### Federal Manpower Programs

These Federal Programs were initiated to grant funds to areas of high unemployment. The purpose was to provide job training and employment opportunities for economically disadvantaged unemployed and underemployed persons, and to assure that training led to employment opportunities.

Again this year as in the past this board has applied for and will receive Manpower Funds for the Town of Milford.

The EEA Act was funded by Congress for a period of about six months commencing the latter part of September. Milford will receive a total of \$52,000.00 for twelve positions.

The Comprehensive Employment and Training Act CETA is another Federal Manpower program in which Milford will participate.

Like the EEA Program it was created to provide Public Service Employment for eligible unemployed people and also assist State Government and local communities to establish needed Public Service jobs. Through the CETA program, the Town of Milford will receive about \$98,000.00 for 10 positions. The CETA program is scheduled to run for three years.

#### **Update Purchasing By-law**

The Board of Selectmen sponsored an article at the annual town meeting this year to amend Article 9 of Town By-laws to allow Milford to enter into Collective Purchasing Agreements with other towns and also to participate in purchasing under the State contract. The purpose of this law is to allow Town Departments to procure volume low prices through collective purchasing under the state contracts. All types of office materials, supplies and equipment can be purchased under the state contracts. The Planning Board, Assessor's Office and Board of Health have already taken advantage of this purchasing program and have realized substantial savings on the equipment purchased.

We hope that in the future all other department heads will use this method of purchasing which can by proper planning reduce departmental expenses.

#### **Town Hall Renovation**

Through the supervision of our Administrative Coordinator and Building Inspector along with the planning of the Town Hall Renovation Committee, we authorized expansion of the Treasurer's, Assessor's, Town Clerk's offices and created an office for the Legal Department.

Room directories were installed at the front and rear entrances to better help residents locate offices in the Town Hall and additional electrical outlets were also installed.

In the future, we plan to have the conference room and other offices painted with the approval of the Finance Committee.

#### **Appoint Committees**

During the past year your Board has been aware of the continued population growth in Milford and also of the ever increasing needs and demands for additional public services by local residents. The Board has gone forward to verify these needs by appointing the following study committees to research these needs and report their proposals and recommendations to Town Meeting for approval.

1. Named the Milford Public Medical Home Building Committee.
2. Named Elementary School Building Committee.
3. Appointed-Ambulance Study Committee.

#### **Public Safety**

In order to adequately provide service to police and protect property owners due to new roads and increased

traffic flow, the Board of Selectmen has initiated positive action in this area by backing Police Dept. requests for additional manpower.

A new drinking law was passed to prohibit the consuming of intoxicating beverages in public. This new by-law will greatly strengthen the Police Chief's authority to effectively police several trouble areas in town where crowds gather.

In conclusion, the Board wishes to thank the Legal Department for their very active help and service, our Executive Secretary, Administrative Coordinator and all other Town Officials, Departments, and municipal employees who helped make this past year a successful one.

Respectfully submitted,

Atty. Michael J. Noferi

Emilio E. Diotalevi

Milford Board of Selectmen

### **Report of the Board of Health**

To the Honorable Board of Selectmen  
and the Townspeople of Milford:

Kenneth C. Evans was elected Chairman of the Board with Daniel J. Ruggerio and Joseph F. Power in attendance.

The following appointments were made by the Board: Health Officer, Adam F. Diorio; Nurse, Alice Fitzpatrick; Clerk, Beverly A. McCormack; Physician, Carl BonTempo, M.D.; Dentist, Dr. Hugo Andreotti; Meat Inspector, Phillip Roy; Assist. Meat Inspector, Adam F. Diorio; Gas Inspector, Phillip Morin; Assist. Gas Insp., Joseph Pighetti; Burial Agent, Robert McGinnis; Person to Receive and Report Contagious Disease, Adam F. Diorio.

Projects sponsored by the Board included Eye-Screening and Glaucoma clinics in conjunction with the Jay-cee-ettes and the Visiting Nurse Association.

Miss Alice Fitzpatrick, Public Health Nurse conducted Flu clinics for the elderly, and immunization clinics for school and pre-school children. Dr. BonTempo and Miss Fitzpatrick also gave spaced physical examinations to students of the parochial schools, and vision and hearing tests were also given by the nurse. The Board wishes to thank Mrs. Joanne Stratton for her help in conducting the Flu clinics for the elderly.

As of December 31, 1973, the positions of Meat Inspector, and Assistant Meat Inspector were abolished as the State of Massachusetts has taken over these positions.

The Board instituted a combined trash and garbage pick-up in April, 1974. This contract was awarded to the R. F. Lawrence Co. of Holliston for a three year period.

Kenneth C. Evans did not seek re-election to the Board upon expiration of his third term of office. Mr. Evans served the community faithfully for nine years and the Board of Health at this time expresses their appreciation to him. Mr. Gerald J. Hennessy was elected to a three year term in May 1974. At the organizational meeting, Daniel J. Ruggerio assumed the Chairmanship with Mr. Hennessy and Mr. Power in attendance and the same appointments

were made as the previous year with the exception of the meat inspectors.

## **Report of the Legal Department**

October 9, 1974

The Honorable Board of Selectmen  
Town Hall, 52 Main Street  
Milford, Massachusetts 01757

Gentlemen and Madam:

I am enclosing the report of the Legal Department for the period, January 1, 1973 through June 30, 1974. As you know, Michael P. Visconti, Esquire served as Town Counsel from January 1, 1973 through April 30, 1974, the date on which his term expired. I was appointed Assistant Town Counsel during August 1973, and actively assumed the duties of that position early in December 1973. During the first week of May 1974, Bernard V. Keenan, Jr., Esquire, a member of the faculty of Suffolk University Law School, was appointed to a three year term as Assistant Town Counsel, and at the same time, I was similarly appointed to a three year term as Town Counsel.

As the enclosed report indicates, the role of the Legal Department has been to provide a variety of legal services to the many Town agencies, and officials that are charged with the daily administration of the Town's affairs. It is anticipated that the range of services so provided will continue to grow as the Town's population increases, and as the full effect of the expansion of the Legal Department, which was authorized by the 1973 Annual Town Meeting, is realized. This process should be enhanced by the establishment of the Legal Department's offices in the Town Hall which was recently funded by the Town, and by the stabilization which should result from the extension of the term of office of the Town Counsel to three years.

I would like to take this opportunity to thank you for your trust and confidence in appointing me to the position of Town Counsel, and for your support and cooperation in acting upon the wide variety of matters which the Department has brought before you. I also wish to thank my predecessor, Mr. Visconti, for his guidance and understanding while I served as his assistant, and for his efforts in assisting me to assume the duties of Town Counsel with a minimum of difficulty. In addition, I wish to thank the various Town officials and employees for their total cooperation with this Department.

Finally, I would like to commend you for your appointment of Mr. Keenan. His diligence, dedication, and unique relationship to the profession have added a new dimension to this Department.

Yours truly,

Edward P. Doherty

## **Report of the Legal Department**

January 1, 1973 - June 30, 1974

During the period of this report, the Legal Department was substantially expanded to cope with the Town's rapid growth during the past several years. At the 1973 Annual

Town Meeting, the Town authorized the appointment of an assistant town counsel, and greatly increased the scope of services which the Legal Department could be called upon to render to the various Town officials, boards and committees. Shortly after the Attorney General had approved the above action, the Selectmen appointed an assistant town counsel, who actively assumed the duties of that position in early December 1973.

With the appointment of an assistant town counsel, the Legal Department was able to fulfill the role which had been established for it by the above referenced Town Meeting. For example, during the period December 1, 1973 through June 30, 1974, the Department researched and prepared approximately thirty formal legal opinions for a number of Town agencies. In addition, during that period, the Legal Department provided a full range of legal services in connection with the TOPICS Program, performed the work necessary for the taking of fourteen parcels of land by eminent domain to implement the Lousia Lake Flood Control Program, which had been authorized by the 1971 Annual Town Meeting, and drafted warrant articles for the Board of Selectmen and other Town Agencies for inclusion in the warrants for the March 1973 Special Town Meeting and the May 1973 Annual Town Meeting.

The Legal Department also provided a full range of legal services to the Board of Health in connection with the town-wide trash pick-up program which was recently implemented, reviewed and/or prepared contracts for a number of other agencies and provided representation at the meetings of the Selectmen and other committees and boards when requested.

In addition to the above, the Legal Department was called upon to represent the Town on more than eight separate occasions in the Courts of this Commonwealth. Moreover, as of June 30, 1974, seven active matters were still pending in the Worcester Superior Court; one in the Appeals Court; two in the First District Court of Eastern Worcester; five in the Third District Court of Southern Worcester; one in the Worcester Probate Court, and three in the Land Court. Also, the Department continued to provide representation for the Town before the Appellate Tax Board.

Moreover, the Legal Department processed five separate claims by the Town against individuals who had damaged its property. This activity resulted in the receipt of almost \$1,500.00 by the Town. In addition, the Department has served as the screening agent for claims brought against the Town which do not result in litigation. This activity has allowed the Selectmen to settle several claims without the necessity of incurring substantial trial expenses. Also, the Department rendered legal services and trial representation to the Plumbing Inspector and Fire Chief in connection with the bringing of criminal complaints before the District Court.

During the 1974 Annual Town Meeting, the Town provided the Legal Department with funds to establish an office in the Town Hall. It is anticipated that the office will be operational by November 1, 1974.

## Report of the Veterans' Services Department

To the Board of Selectmen, Veterans, their families and the citizens of Milford, the Veterans' Service Department presents the 1973-1974 Annual Report.

The Veterans' Service motto comes from our great President, Abraham Lincoln:

"To care for him who shall have borne the battle and for his widow and his orphan."

Ever since there has been an America for which men fought and gave their lives, there have been benefits of various kinds for those who served and for families of those who did not return. For an equally long period of time there have been governmental operations to administer these benefits.

The first benefit on record in America was enacted by the Pilgrims of Plymouth County in 1636, which provided that any soldier injured in defense of the Colony shall be competently maintained by the Colony during his life. From the first recorded benefits, there then came into being the Veterans' Service Department. The Veterans' Service Department is an agency of the Town of Milford, offering services to our Veterans and their dependents.

The Veterans' Service Department assists and advises veterans and their dependents in obtaining benefits from the Veterans Administration. These benefits are vast. Some of the basics are:

- Compensation for disability or death
- Pension for non-service disability
- Death dependency and indemnity compensation
- Vocational Rehabilitation
- Education and Training
- War Orphans educational assistance
- Guaranty or insurance of home loans
- United States Government and National Life Insurance
- Hospitalization and domiciliary care
- Outpatient medical and dental care
- Prosthetic appliances-Special housing (wheel chair homes)
- Automobiles for certain disabled veterans
- World War and Vietnam bonuses
- Burial allowances
- Flags and markers for our deceased veterans

The Veterans' Service Department also administers Financial Assistance under the General Laws of the Commonwealth of Massachusetts. This program accords veterans and their dependents financial assistance in time of need. In order to determine eligibility, all assets, from all sources, must be taken into consideration. The financial assistance expended from the Town Treasury is reimbursed 50% by the Commonwealth. All administrative expenses of the Veterans' Service Department is paid by the Town of Milford.

Massachusetts is the 11th in population size and 4th in monetary benefits received from the Veterans Administration. With over 1.5 million dollars annually coming to our deserving veterans and their dependents, it is of the utmost importance that an efficient Veterans' Service Department is maintained.

In presenting this annual report, I would like to set forth that it is important that veterans discuss with their survivors benefits that they are entitled to in case of death. Too often the veteran and his wife neglect to discuss this subject, placing an unnecessary burden on survivors in time of emotional stress. Not only should the veteran discuss benefits, they should make sure that important family documents are protected from fire and theft, yet readily accessible. Survivors should be briefed on what to do in case of veteran's death: VA claim number, GI policy numbers, commercial insurance policies and Social Security numbers are needed for the majority of survivors benefits.

Another important reminder: That our veteran, who served more than 180 days, other than for training purposes, from January 31, 1955 to June 1, 1966 have until May of 1976 to *complete* their education or training. Other veterans, separated after June 1, 1966 have ten years from date of discharge to complete their programs.

In the last ten years there have been many changes in Veterans' Benefits programs. Therefore, our Veterans' Service Department strives to render individual assistance to all those concerned. Now, great emphasis is placed on making services more responsive to the changing needs of our veteran population and provide service in all levels of veterans' affairs.

### Report of the Personnel Board

To the Honorable Board of Selectmen and the Citizens of Milford:

During 1973-1974 the Personnel Board appraised the wage scale in every classification in the Town and coordinated the collective bargaining of the Police, Fire, School Crossing Guards and Highway Department employees. Salary increases were recommended when it was found increases were in order.

Due to the fact that collective bargaining can at times be a lengthy process, it is recommended that negotiations begin earlier in the forthcoming year to provide proper consideration. The Personnel Board is requesting from the Board of Selectmen, prior to the beginning of negotiations, its recommendation as to what the Town can afford in its future negotiations. The Personnel Board will continue to keep the Finance Commission, and Selectmen abreast of what is taking place with organized employees. The Personnel Board will also continue to recommend and set wage rates for unrepresented employees.

The Personnel Board wishes to express its appreciation for the courtesies that have been accorded them and for the cooperation that we have received from the Selectmen, other Town officials, and Town employees.

Respectfully yours,

### Report of the Sealer of Weights and Measures

To the Honorable Board of Selectmen:

I submit my report as Sealer of Weights and Measures for the period — January 1, 1973 to June 30, 1974.

Sealers Salary	\$2,514.00
Received	2,514.00
Expenses	320.00
Received	320.00

I notified in compliance with provisions of Section 41 — Chapter 98 of the General Laws of Massachusetts, as amended giving notice to all persons, that all scales, pumps and measuring devices for the purpose of buying and selling goods, wares and merchandise to be bought in, and these devices to be tested, adjusted if need be and sealed. I then inspected all places of business in the town of Milford. I reweighed and tested approximately 2500 packages of pre-packaged goods.

There are about 500 measuring devices tested, adjusted, sealed or condemned when necessary. Sealing fees are turn-

ed over to the Town Treasurer.

I wish to thank the Honorable Board of Selectmen and the public for the help given me during the past year.

Respectfully,

J. Fred Moran  
Sealer of Weights and Measures

#### Report of the Conservation Commission

To the Honorable Board of Selectmen  
and people of Milford:

For the past 18 month period your conservation commission has embarked on developing a conservation master plan for our town as required in Phase II of our natural resources plan. We have now, complete flood plain zoning maps and soil maps, for Milford.

The Commission has mapped six areas of concern in future plans for Milford. We have held four public hearings on each designated area (more to follow), to get as much input from our townspeople as possible. The Milford Daily News is most appreciated for their thorough

coverage in getting our mapped plan published for our townspeople.

We have continued commission work in ongoing programs.

Our junior conservationists (Explorer Post 118) have continued in tree nursery work, completion of the conservation office, river monitoring water tests, antipollution and other projects. They have now added the fairer (and energetic) sex to their number.

The scout camp in the town forest of Dilla Street is operational at any time, and will be continually improved upon.

The Bicentennial Commission has adopted Clarke's Island "P.A.R.C.S." Project as Milford's Bicentennial Park. Initial work has gone slowly, but hopefully, additional volunteers will come forward.

Jeffrey Lovell and Francis Walleston were recipients of our annual conservation award (Plaque) for significant contributions to conservation in Milford.

Our tree program continued with distribution and sale of 4000 seedling trees, the distribution of large sized street trees donated by the Milford Area Builder's Association and the use of a truck and labor of Mr. Vahan Sarkisian, the distribution of flowering crab and dogwood trees by the Greenleaf Garden Club, the planting of a young trial tree arboretum (32 varieties) on the high school grounds by our local girl scouts under the direction of Mrs. Pidgeon. Additional townspeople have shown a sincere interest in our work and have been designated "associate members."

Our sincere thanks to all, for we continue to solicit all our people's concern for the quality of life in Milford.

We lost with regret the services of Mr. Charles Abrahamson, Town planner, and Mr. John Bertorelli, our engineer. Their sincere energetic and knowledgeable efforts for our commission and town were much appreciated. Their replacements, Mr. Richard Allardice and Mr. James Troupes have shown similar energy and concern for the best interests of Milford. Mr. Richard Cooley has recently been named "Conservation Officer." He has embarked on a walking inventory assessment of every stream, brook and river in Milford, examining for obstructions, fill, silting, pollution or any problem areas.

The commission sponsored and the town meeting approved the establishment of a "conservation fund." We were unsuccessful in our request for \$10,000. for that fund.

Two public Hatch Act hearings (Ch. 131 Sect. 40) were held since our last town report. Twenty-five dollar filing fees now necessary for the hearings were added to the conservation fund.

We continue to encourage all of you; clean up your own property, then help a neighbor. Let's make all of Milford a garden.

### Town Accountant's Report

To the Honorable Board of Selectmen:

Herewith I submit my report of the financial transactions of the Town of Milford for the fiscal year ending June 30, 1974.

This report covers the period from January 1, 1973 to June 30, 1974, a period of eighteen months which was necessary in order to effect the transition of the fiscal year from the calendar year to a fiscal year from July 1st to June 30th.

Included is the usual Balance Sheet, a detailed report of the expenditures from all sources of income, a detailed report of the expenditures of each department and account, a Recapitulation Schedule showing Appropriations, Receipts, and Transfers, Expenditures and Balances of each account. Also included is a Debt Schedule showing the outstanding debt and the maturities by years.

I wish at this time to thank all the Departments for their cooperation with my department during the past year.

Very truly yours,

MICHAEL J. HANNIGAN,  
Town Accountant
